TOPICS

Our household foods division at our Kobe Plant obtained ISO 9002 certification.

Our Funabashi Plant earned ISO 9002 certification for pasta goods production and related services.

We introduced an oleic-rich natural, healthful high-quality sunflower oil Olein Rich. The oil contains more oleic acid than olive oil or safflower oil. Introduced at a time when such premium oils are gaining in popularity, the oil also capitalizes on increased demand for natural and healthful foods.
