

# PRODUCTIVE PRESENTATION

The Showa Sangyo group's primary operation is food, which consists of divisions for flour milling, vegetable oils, cornstarch and corn sweeteners, household foods, and frozen foods. The food operations involve producing and selling a wide range of products for commercial and household use. The products, made from grains such as wheat, soybeans and corn, are a part of people's diet in a variety of forms.

The Showa Sangyo group also makes good use of the by-products generated in the processing of these grains by producing and selling mixed animal feed. The animal feed operation also includes producing and selling eggs.

Other operations include warehousing business for grains and real-estate leasing business for effective use of real estates.
