

# PRODUCTION AND DISTRIBUTION

All of Showa Sangyo Group's production bases are located on oceanfront properties that make procuring raw materials easily. What's more, the plants are fully equipped to manage the entire production process, from processing raw materials to packaging the finished products. This means that the plants can be versatile in meeting consumer needs. They also are conveniently located for distribution, being near the products' marketing areas where timely delivery is possible. Such solid production and distribution systems allow Showa Sangyo Group to efficiently perform business and to live up to consumers' expectations in all aspects.
